Push to Talk Communications

1. Push and Hold the PTT Button to request the floor to speak.
2. Wait for a Talk Tone (3 rapid ascending notes).
3. Speak into the handset.
4. Release the PTT Button to close the channel.

If you receive a Reject Tone (2 rapid notes descending) you will need to release the PTT Button and request the floor again.

> Push & hold to take the floor!

Changing your active Talkgroup

1. Press the 2-way Navi-key either up or down.
2. Navigate to your desired Talkgroup.
3. Press the Left Soft Key to Join a Talkgroup.

Your Priority Talkgroup will always be listed with a black background with exclamation points.

Changing Device Modes

Make sure your device is in the right mode for what you want to do! Phone Mode for phone calls and SOS, PTT Mode for Push-to-Talk communications.

1. Press the Left Soft Key Labeled Menu.
2. Select Switch to PTT.
3. Wait for the device to switch to PTT.
