Finding your satellite phone number for Rentals & Subscriptions

Lu Parente - 2017-09-12 - in [Rentals](#)

This article will assist you with finding your satellite phone number for both rental and subscription phones.

It is extremely important that you share your phone number with all important contacts and becoming familiar with using the service before leaving for travel.

The Iridium phone number looks like this: 8816 234 12345 and IsatPhone numbers will look like this: 870 776 12345, this is the full phone number. Keep in mind that the example pictures below have the last two digits edited out.

Iridium Rental

Check your Email

BlueCosmo will email your phone number to you when your order has been fulfilled. Typically, you will receive this email within 24-48 hours of your order being shipped.

Check the side the phone

The phone number will be displayed on the right or left side of the handset. Here is an example:

Check the SIM card retainer

The SIM card retainer found in the top flap of the rental bag will also display your phone number. Here is an example.

Iridium Subscription (Iridium 9555, Extreme, and GO!)

Check your Email

BlueCosmo will email your phone number to you when your order has been fulfilled. Typically, you will receive this email within 24-48 hours of your order being shipped.

Check the SIM card retainer

The SIM card retainer will also display your phone number. Here is an example:

IsatPhone Subscription (IsatPhone Pro and IsatPhone 2)

Check your Email

BlueCosmo will email your phone number to you when your order has been fulfilled. Typically, you will receive this email within 24-48 hours of your order being shipped.

Check the SIM card retainer

The SIM card retainer will also display your phone number. Here is an example:

Check the Phone Menu

You can check your phone number directly from the IsatPhone itself:

1. Press the center key on the arrow pad
2. Select "My phone number"
3. Your phone number will be displayed
