Pairing a Bluetooth device with the IsatPhone 2

Lu Parente - 2019-12-19 - in [Inmarsat IsatPhone2](#)

Follow the instructions below on how to pair a Bluetooth device using the IsatPhone 2 handset. Please note that Bluetooth enabled smartphones and tablets will not connect to the ISatPhone 2, but most Bluetooth earpieces and headsets will. Please ensure that your Bluetooth device is powered on.

Solution: Bluetooth Pairing

1. Press **Menu**
2. Select **Settings** and press **Select**
3. Select **Bluetooth** and press **Select**
4. Select **Settings** and press **Select**
5. Select **Bluetooth** and press **Select**
6. Select **On** and press **OK**
7. Select **My phone's visibility** and press **Select**
8. Select **Visible**
9. Press **Back**
10. Select **Paired devices** and press **Select**
11. Press **Options**
12. Select **Search for devices** and press **Select**
13. The phone will search for a Bluetooth headset and pair.
